New Orleans, LA 70130 (504) 529-7169

February 22, 2000

To the Shareholders of Biloxi Marsh Lands Corporation:

We are pleased to report that 1999 was the fourth consecutive profitable year for your company. Total revenue for the year 1999 was \$1,612,203 surpassing 1998 total revenue of \$1,554,751. The revenue breakdown is as follows: 1999 revenue from oil and gas activity was \$1,283,804 compared to 1998 revenue of \$1,078,345. Dividend and interest revenue for 1999 was \$104,360, compared to \$82,647 for 1998. In 1999, gain on the sale of investment securities was \$200,927 as compared to gain of \$67,468 in 1998. Meanwhile, net earnings rose to \$915,019 or \$1.33 per share in 1999 from \$885,560 or \$1.28 per share in 1998.

In 1999 the Company received \$504,000 in lease bonuses from the granting of two oil and gas leases to Elm Oil & Gas, Ltd. The leases, each for 2,240 acres, were executed on June 22 and November 15 of 1999. Income from lease options totaled \$222,059 resulted from two oil and gas lease options in favor of Elm Oil & Gas, Ltd. covering a total of 11,102.97 acres.

Contributing to revenue in 1999 was \$549,411 received for a 3-D seismic permit with Western Geophysical, who permitted an additional 18,359 acres of company property. Currently, 44,282 acres are under 3-D seismic permits with Western Geophysical.

The Board of Directors at its December 9<sup>th</sup>, 1999 meeting was pleased to declare a dividend of \$1.10 per outstanding share of common stock payable on January 18, 2000 to shareholders of record on December 31, 1999. The Board of Directors, from time to time, may consider buying back shares of the Company's common stock. In 1998, the Company did purchase 3,164 shares of its common stock, which are now held in the Company's treasury. There were no shares purchased in 1999.

Though management is encouraged by the recent surge in oil and gas prices, continued caution by the oil and gas industry to a supply side oil and gas market has not translated into a surge in oil and gas activity on the property. While there is no current drilling activity on company lands, the Company has recently been advised by its lessee that they expect to spud a well in April of this year. Western Geophysical has recommenced a 3-D seismic study in Lake Borgne and has advised the Company that it expects to shoot previously permitted company lands east of the lake later in the year. The year 2000 will again prove to be a challenging year for the Company.

William B. Rudolf

President

#### Independent Auditors' Report

We have audited the accompanying statements of assets, liabilities and stockholders' equity of Biloxi Marsh Lands Corporation as of December 31, 1999 and 1998, and the related statements of revenues and expenses and retained earnings, and cash flows for the years then ended. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in the Notes to Financial Statements, the Corporation's policy is to prepare its financial statements on the basis of cash receipts and disbursements. Consequently, certain revenue and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in accordance with generally accepted accounting principles.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the assets, liabilities and stockholders' equity of Biloxi Marsh Lands Corporation as of December 31, 1999 and 1998, and its revenues and expenses and retained earnings, and cash flows for the years then ended, on the basis of accounting described in the Notes to Financial Statements.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The Additional Information - Schedule of Marketable Securities is presented for the purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

#### BILOXI MARSH LANDS CORPORATION NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 1999 AND 1998

#### NOTE A - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

The Corporation's principal source of income consists of rents, mineral royalties and other income related to its real estate ownership. In addition, the Corporation has significant revenues from the investment of funds in marketable securities.

Cash Basis

It is the policy of the Corporation to prepare its financial statements on the cash basis of accounting, where revenues and the related assets are recognized when received and expenses are recognized when paid, rather than when the obligation is incurred. However, income taxes are accrued on cash basis revenue in excess of cash basis expenses, and dividends declared by the Board of Directors are recorded on the date they are declared.

Use of Estimates

The process of preparing financial statements requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenditures. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Cash Equivalents

Management of the Corporation considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Depreciation

Depreciation of property is provided for in amounts sufficient to relate their cost over their estimated service lives using the Accelerated Cost Recovery System (ACRS) rates as indicated for federal income tax purposes. Depreciation expense under generally accepted accounting principles is spread over the estimated useful lives of the assets using straight-line and some accelerated methods. Accordingly, the accompanying financial statements are not intended to present financial position, results of operations and cash flows in accordance with generally accepted accounting principles.

Depreciation, using 18-19 ACRS lives, reflected in the accompanying financial statements totaled \$5,520 for 1999 and 1998.

#### BILOXI MARSH LANDS CORPORATION NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 1999 AND 1998 (Continued)

#### NOTE B - SUPPLEMENTARY CASH FLOW DISCLOSURES

A reconciliation of net income to net cash provided by operating activities for the years ended December 31, 1999 and 1998 is as follows:

	1999	1998

#### NOTE E - CONTINGENCY

The Lake Borgne Levee District recorded an assessment of approximately \$45,000 in 1966 against the Corporation's lands in St. Bernard Parish. The Corporation's legal counsel suggests that there is the possibility that this assessment is unconstitutional and, accordingly, the assessment has not been paid.

#### BILOXI MARSH LANDS CORPORATION NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 1999 AND 1998 (Continued)

#### NOTE F - RELATED PARTY TRANSACTIONS

A member of the Board of Directors is a partner in the law firm which represents the Company. Payments to this related party for the years ended December 31, 1999 and 1998 were \$6,101 and \$26,322 respectively.

In addition, the Board approved a \$5,000 payment to the President of the Company for his services during 1999 and 1998 as a consultant.

#### NOTE G - TREASURY STOCK

On April 21, 1998, the Company acquired 3,164 shares of its stock at a cost of \$23,829.

#### NOTE H - DIVIDENDS DECLARED

At a meeting of the Board of Directors of Biloxi Marsh Lands Corporation on December 9, 1999, a dividend of \$1.10 per share was declared payable on January 18, 2000, to shareholders of record on December 31, 1999.
